

# APOLOGY WELCOMED

*Advisor* is the publication of the Ohio Association of Security & Investigation Services (OASIS). In a recent issue it ran an article entitled, "The Priest and the Priestess." We did not object to the facts in the piece, but we strongly objected "to its obvious anti-Catholic tone." Snide remarks about priests were interwoven with the story, forcing a negative stereotype.

We're happy to say that Kenneth E. Romaine, chairman of the board of OASIS, wrote to us apologizing for what happened.
