

ARCHBISHOP CORDILEONE WINS CATHOLIC SUPPORT

Bill Donohue comments on the latest attacks on San Francisco Archbishop Salvatore Cordileone:

A motley group of malcontents, dissidents, and outsiders are waging war on Archbishop Cordileone. Their latest salvo was an ad in yesterday's *San Francisco Chronicle* asking the pope to remove the archbishop. They opened fire on him precisely because they were blown off by Vatican officials in their feeble attempt to censure the archbishop.

Those who think that Archbishop Cordileone's supporters are going to take this lying down are sadly mistaken. Watch what happens next week.
