

BIDEN ADMINISTRATION AND THOUGHT CONTROL

[Bill Donohue](#)

No administration in American history has tried harder to promote thought control than the Biden administration. Orwellian at its finest, the goal is to induce the public to accept its highly politicized vocabulary as a means of controlling its thought patterns.

To read the entire report click [here](#). Here are some examples.

Gender Identity

Just hours into his presidential term, Mr. Biden's White House website allowed users to choose their pronouns, a change that drew swift praise from advocates. As part of the website revamp that occurs during presidential transitions, the White House changed its contact form. The form now allows individuals to select from the following list: she/her, he/him, they/them, other, or prefer not to share.

Illegal Immigration

Suggested terminology swaps reportedly include using "noncitizen" or "undocumented noncitizen" instead of "alien" or "illegal alien," and referring to the "integration" of immigrants into society instead of "assimilation," which has been criticized as racist.

Health

- "Convict/ex-convict" becomes "People who were formerly incarcerated"
- "Crazy" is replaced by "People with a pre-existing mental disorder"
- "Homosexuals" should be called "Queer"

- “Transgenders/transgendered/transsexual” is replaced by “LGBTQ (or LGBTQIA or LGBTQ+ or LGBTQIA2)”

Aviation

Recommendations included replacing “airman” with “aircrew,” “manned aviation” with “traditional aviation” and “cockpit” with “flight deck.”

General Accountability Office

Leaked internal memos obtained by DailyMail.com show the Government Accountability Office (GAO) forbids employees from using male and female terms.

State Department

Secretary of State Antony Blinken issued a memo instructing State Department employees to refrain from using what he deemed to be “problematic” language. He instructs staffers not to “pressure someone to state their pronouns.” Instead, he offers a list of commonly used pronouns including “she/her, he/him, they/them, and ze/zir” explaining that people use a variety of pronouns.

Additionally, Blinken identified other common terms that State Department employees should avoid using. Rather than saying “mother/father,” staffers should say “parent” instead. Likewise, “son/daughter” should be replaced with “child.” Meanwhile, “spouse” or “partner” should be used in place of “husband/wife.”

Just for a moment, imagine if those who died as recently as at the end of the last century were informed of this madness. What would they say? Our cultural descent is happening very quickly, and those leading the charge are mostly well-educated white people who have declared war on truth, nature, and nature’s God.
