Bill in the News (Catholic News Agency): Though many pro-life advocates condemned Trump's latest abortion take, Bill Donohue, president of the Catholic League, told CNA that the former president's stance is rooted in the difficult political landscape currently surrounding abortion.

"The most prudent course going forward is to choose restrictions, which most favor, and then try to persuade the public to opt for further restrictions the next time this issue is put to a vote," Donohue asserted. [READ MORE HERE](#)

The Canadian Holocaust That Never Happened

Catholic League in the News (Newsmax): Mainstream media's dutiful parroting of the group's dishonest self-characterization—they dress as Catholic nuns and do charitable work—is not even close to describing the depth of

their anti-Catholic depravity.

The Catholic League, which has been documenting their bigoted antics for decades, offers a much more accurate picture.

A recent Catholic League news release outlined acts by the group, which simulate graphic sex acts, while dressed as nuns. The “Sisters” also mock in the most offensive sexual terms possible, some of the most sacred masses as observed and practiced by devout Catholics. [READ MORE HERE](#)

In this show, Bill explains how the ruling class is systematically undermining the virtues of self-discipline, perseverance, and personal responsibility that have helped build Western civilization while producing a “moral holocaust” that rejects the idea of personal sin and replaces it with social injustice. Bill then offers a commonsense solution to restoring the virtues in the workplace and the family while defending universal morality. To listen click [here](#).
