

HATE MAIL

On January 26, we received a startling amount of text on the “Feedback” section of our website. It took 15 minutes just to open the page due to the volume. What it said was “HAIL HITLER HAIL PIUS.”

The author of this brilliant expression actually took the time to write this approximately 208 times per page on more than 200 pages, amounting to a whopping 416,000 entries. In the headings, the phrase “YOU WILL ALL BURN FOR YOUR IGNORANCE” was written.
