Go to the home page of [MSNBC](#) and click on "World News." From there click on "Americas." Next click on the article, "Losing Their Religion? Catholicism in Turmoil." Scroll down and in the "Click for Related Content" section there is an article entitled, "Pope Describes Touching Boys: I Went Too Far." Clicking on this piece takes the reader to an article about a homosexual German priest who had sex with males in the 1980s. *It says absolutely nothing about the pope. Yet MSNBC paints Pope Benedict XVI as a child molester in the tease to the article.*

A retraction, and a sincere apology, are in order. They should also investigate how this happened and who is responsible.
