

Of Thee I Zing

Bill Donohue comments on a new book that Laura Ingraham wrote with Raymond Arroyo:

If you are looking for a witty and insightful look at American culture, *Of Thee I Zing* is the right choice. A fast and breezy read, this is the perfect book to take along on summer vacation. Laura has the eye of a polished sociologist and the kind of devilish humor we would expect from someone who hangs around with Raymond Arroyo. It's available everywhere—go buy it!
