

RELIGIOUS LIBERTY SPIKES UNDER TRUMP

Catholic League president Bill Donohue comments on President Trump's record on religious liberty:

Cardinal Timothy Dolan was recently criticized for speaking positively about President Trump's record on religious liberty (he has not hesitated to criticize him on other issues), and I was only too happy to [answer](#) them.

I have a challenge to Dolan's critics. Read the [attached](#) and then provide evidence that President Obama outdid Trump on this score. I would love to see it.

Trump is fair game for criticism on many issues, but when it comes to the defense of religious liberty, he is more Catholic than JFK was.
