

ROSIE APOLOGIZES

Rosie O'Donnell makes a habit of offending Catholics. On December 8, she apologized. But not to us. After mocking the Chinese the week before, she apologized "to any group that was offended" (which included many Asian groups).

Catholics are still waiting for their many apologizes. Ever since she became a regular on "The View," O'Donnell has been mouthing off against Catholics. As always, it's the ex-Catholics who are the worst.
