

SALVI WAS “OBSESSED” WITH CATHOLICISM?

John Salvi, the deranged man who went on a killing spree in two Brookline, Massachusetts abortion clinics in 1994, was a Catholic. Here is how the ABC affiliate in New York described him on the news: “John Salvi was a young man obsessed with his Catholic religion.” Now when was the last time anyone remembers hearing how “obsessed” Dr. Kevorkian is with his atheism?

Even more interesting is the fact that in the same broadcast, there was a story about Mother Teresa, yet there was no mention of how her “obsession” with Catholicism accounts for her altruism. Guess “obsessed” Catholics only commit crimes.
