

SOROS-FUNDED ATTACK ON CARDINAL DOLAN

Catholic League president Bill Donohue comments on another attack on Cardinal Timothy Dolan:

Catholic malcontents, who are infinitely more concerned about the weather than the intentional killing of innocent children, are upset that Cardinal Timothy Dolan was gracious in his recent remarks about President Trump. They are an embarrassment.

The first person listed as a critic of the New York archbishop in the *Crux* article is John Gehring. He is funded by the atheist billionaire George Soros. End of story.

If I were on their side, I would not be so stupid as to flag a guy who owes his livelihood to an anti-Catholic and anti-Semitic bigot. But I am so happy they did.
