

Trump Knows Religious Liberty Is About Worship, Not Politics

Bill in the news: Newsmax.com

In 2008, immediately after Barack Obama was elected president, the IRS sought to bully me: I was accused of violating its code on political activity. In fact, I did nothing of the sort, which is why its effort was a monumental failure. I stood my ground and nothing of any substance came of it. But the fact that the IRS tried to silence me (and others like me) cannot be dismissed as inconsequential.

It is up to the Congress to overturn the Johnson Amendment, though what Trump did is hardly meaningless. His initiative makes it clear that his Cabinet will not enforce this IRS code, thus vitiating its essence. [READ MORE HERE](#)
